

WOMEN'S CLUB GIVES DELIGHTFUL PROGRAM FRIDAY

Play and Style Show Proves One of the Most Pleasing Entertainments of the Kind Ever Given in Maysville.

The one-act playette and style review given at the Washington Theater Friday evening by the Dramatic Committee of the Mason County Woman's Club was one of the most pleasing entertainments given in Maysville in a long time. The theater was well filled and everyone was more than pleased with the splendid entertainment.

The one-act playette "Joint-Owners in Spain" was far above the ordinary and the characters were all good. The style review was a most pleasing presentation of living pictures showing the style of dress during several periods of American history. Every model was as near perfect as could have been. Maysville has seen many presentations of living pictures but the Woman's Club wins first honors in presenting the most perfect series ever offered here.

Mrs. V. D. Guitard interpreted the Indian Period, Miss Alice Blissett the Puritan, Mrs. Ella White the Colonial, Miss Quinn, 1812; Miss Shackelford, 1860; Miss Ida Ross, 1875; Mrs. Minnie Thompson, 1895; Miss Mary Proctor, "The Flapper," and Miss Margaret Smith as "Miss 1922."

The cast of the playette consisted of Mrs. J. B. Ross, Miss Mary Wilson, Mrs. Montgomery Pickett and Mrs. E. P. Lee.

In addition to these features, well worth many times the admission price, a feature picture entitled "Love's Redemption," with Norma Talmadge was shown making in all an evening's entertainment of the highest possible character.

GIVING ONE DRINK IS HELD AGAINST LAW

Court of Appeals Makes New Interpretation of State Prohibition Law in Holding Giving Is Unlawful.

Frankfort, Ky., Oct. 27.—The giving away of a drink of liquor is in violation of the 1920 prohibition law, the Court of Appeals held today in reversing the decision of the Shelby circuit Court in the case of the Commonwealth vs. Tom Wells.

Wells was indicted on a charge of giving one-fourth of a pint of liquor to Lason Roberts in Shelby county last January. The trial court was said to have sustained the demurrer to the indictment on the ground that the indictment did not charge a public offense or in other words that it was not unlawful for a person to give away intoxicating liquor.

The opinion, which was handed down by Judge Charles Moorman, states that the seventh amendment to the Kentucky Constitution, which prohibits the manufacture, sale or transport of intoxicating liquor, does not restrict the power of the Legislature in dealing with the subject of intoxicating liquor, but leaves to the Legislature "a reasonable discretion in the selection of the method and means of prohibiting the use of intoxicating liquors for beverage purposes."

TWO DEATH SENTENCES SUSTAINED.

Frankfort, Ky., Oct. 27.—The death sentence imposed on James Power in the Kenton circuit court on a charge of killing Morris Lee, moving picture proprietor, was affirmed by the Court of Appeals today. The opinion was drawn by Judge Gus Thomas the whole court sitting.

Power in company with Isiah McKnight and George Saunders, was alleged to have followed Lee home for the purpose of robbing him.

Lee was shot after which the men escaped.

Stove McQueen must die in the electric chair on a charge of murdering Isaac Coyle in Rockcastle county, the Court of Appeals held today in affirming the death sentence of the Rockcastle circuit court. McQueen was indicted jointly with Frank Cornett for the murder of Coyle, who was a storekeeper on McQueen's property. The whole court sat in the case.

MRS. F. B. RAINS COMMITS SUICIDE BY INHALING GAS

Wife of Prominent Cincinnati Merchant, Native of Fleming County, Well Known in Maysville, Takes Her Own Life.

Cincinnati, Ohio Oct. 28. — Mrs. Louise Rains, 49 years old, wife of Fred B. Rains, general manager of the Castner, Curran & Bullitt, Inc., dealers in soft coal, 1505 Union Trust Building, died last night at the Good Samaritan Hospital, where she was taken after trying to commit suicide at her residence, 3820 Middleton avenue, on October 23. Her death, according to a report made by Coroner D. C. Handley, was due to the after effects of gas poisoning.

The coroner was told that Mrs. Rains, who lived in one of the most fashionable sections of Clifton, was taken to the hospital in a private ambulance after her relatives forced an entrance into a room at her home where she had sealed herself carefully and then turned on the gas. All the doors and windows had been closed securely and the cracks around them shut up snugly.

Dr. David Wolfstein, 847 Glenwood avenue, treated Mrs. Rains after her attempt at suicide. He said last night that he did not know at that time what was wrong with the woman. No report of the affair was made to the police, who received their first information on the matter last night when physicians at the hospital sent the body to the County Morgue on orders from Coroner Handley after they had informed him of the death. Members of the Rains family refused to discuss the death or to assign any reason for the woman's act.

Before her marriage Mrs. Rains was Miss Louise Hord, daughter of Mr. and Mrs. Ad Hord, of Flemingsburg. She had many relatives and warm personal friends in Maysville and Mason county. The body will be brought to Maysville Sunday at 1:20 and taken direct to Flemingsburg for burial.

NOTED RECTOR SLAIN; SLAYER THEN SUICIDES

Woman Takes Life of Famous Northern Minister and Then Takes Her Own Life.

Havre, Mont., Oct. 27. — The Rev. Leonard Jacob Christler, rector of St. Marks Church of the Incarnation here, widely known in the West as "the bishop of all outdoors," was killed in his home in Havre today by Mrs. Margaret Carleton, wife of former Judge Frank Carleton, of the district court of Hill county, who then committed suicide, according to Mrs. Christler, the rector's wife.

Mrs. Christler declares she heard the shots and stepped to the door to find her husband and the woman lying dead.

The case was so plainly one of murder and suicide by the woman that it is probable no inquest will be held, the coroner and sheriff's office announced.

The pistol with which the two were killed was still clasped in Mrs. Carleton's hand and her finger was still on the trigger when he arrived in response to Mrs. Christler's call, Dr. D. S. McKenzie told the coroner.

Officers declined tonight they were unable to find a motive for the tragedy. It was generally believed that Mrs. Carleton must have been suffering from temporary insanity when she fired the two shots.

NEW CORPORATION TAKES OVER LOCAL J. P. TAYLOR PLANT

Maysville Branch of the J. P. Taylor Company Is Sold to new Three Million Dollar Corporation Organized Friday.

Formation of the Southwestern Tobacco Company made up of Eastern interests was announced at Louisville yesterday by officers of the new company. It will have a capital of \$3,000,000.

The company has purchased plants in Hopkinsville, Louisville, Owensboro, Shelbyville, Lexington, Danville, Maysville and other tobacco markets. The main offices will be at 801 West Main street, Louisville.

It means, according to officers, that a number of companies who have operated through all the tobacco belts of Kentucky have now consolidated their interests and will begin operations on a new scale with Louisville as the focal point.

The company will buy and sell, bury, dark, Green River, one sucker and all sorts of tobacco. It also will rehandle and re-dry tobacco.

T. B. Yuliffe, of New York, is president; vice presidents are: P. H. Gorman, K. R. Edwards, and F. N. Harrison, of Baltimore.

The directorate is composed of: Mr. Yuliffe, J. P. Taylor, James J. Miller, W. A. Willeham, Mr. Gorman, James Mullin, Mr. Edwards, Mr. Harrison, H. W. Jamison, S. R. Skinner and J. P. Harrison.

The new corporation has purchased, according to announcement made Saturday, the local plant of the J. P. Taylor Company. No other local tobacco plants are affected by the formation of this giant corporation.

MASON COUNTY GETS TWO NEW ROAD TRUCKS

Fiscal Court Gets Another Great Bargain in Two F. W. D. Trucks for Road Department's Equipment.

The Mason County Fiscal court has struck another big bargain and on Friday closed a contract for two additional Four Wheel Drive motor trucks for use on the county's roads. Already the county has several of these trucks and finds them most serviceable for this class of work.

The trucks purchased were former United States army trucks and it is understood that the two trucks in perfect running order were purchased for less than five hundred dollars.

The county has struck several such bargains during the past two years and has been enabled to equip the road department with splendid machines without a great cost to the county. The newly purchased trucks are expected in Maysville next week and will be ready to press into service immediately upon their arrival here.

PROSECUTOR SAYS AIRTIGHT CHARGE GOES TO JURY

Eye Witness Tells How Mrs. Mills Was Hunted Down With Flashlight in Bushes After Rev. Hall Had Been Murdered.

New Brunswick, N. J., Oct. 26.—Mrs. Eleanor Mills was hunted down with flashlights as she crouched, terrified, in thick brush near the spot where Rev. Edward Wheeler Hall was slain, according to an eyewitness story of the double murder, which Prosecutor Wilbur A. Mott says he has corroborated.

A story of how the "woman in the gray coat" helped her male accomplice to drag forth the screaming victim and stood by while she was shot down has been added to Mrs. Jane Gibson's version of the killings.

Mrs. Gibson also said the woman in gray returned to the body of the rector and knelt weeping by his side at 1 o'clock in the morning.

After hearing Mrs. Gibson's story Mott announced he would prepare an airtight accusation to present to the grand jury of Somerset county within a day or two.

MADAM--SAVE TEN CENTS

BETSY ROSS Fresh Roasted COFFEE

THIS COFFEE IS 10 CENTS A POUND LESS

MADAM—we both live in Maysville. Therefore, we can save you ten cents on every pound of coffee you buy. We can sell you coffee for less money and get it to you far fresher.

We save you 10c a pound by packing Betsy Ross Fresh Roasted Coffee in bags instead of in tin containers. It is always fresh when you buy it.

Tin containers are necessary for coffees that are not sold until three to six months after they are roasted. The tin preserves some of the flavor for a fairly long period. But Betsy Ross Fresh Coffee isn't allowed to grow old. You can't buy a pound that has been roasted longer than one week—you CAN buy it the day it is roasted.

The fresh-roasted richness of Betsy Ross Coffee is the most delicious coffee flavor you ever tasted. Get a pound today from any grocer. Look for it in "The White Bag" save ten cents and get far better coffee.

EVERYTHING BUT WORK

The simple statement that "of all the allied countries, France has the greatest resources, but will be unable to meet her war obligations," was made at the American Bankers' Association Convention in New York last week without explanation or comment.

It was unnecessary, however, that reason for the situation expressed in the closing words of the statement be offered. Those who heard the declaration, and those who read it in the news reports of the gathering, understood. France has been and is so busy spending money for other purposes—aside even from her task of restoring war-damaged regions of her domain—that all her available money gleaned from her superior resources is being absorbed in these activities.

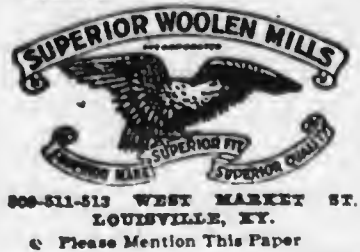

England, with business less successfully operating than is industry of France, has money for meeting her pressing claims, and pledges payment of every debt. The reason is that England has been doing good financing as well as much political wire-pulling. The former has, as a matter of fact, had better results than the latter.

America is, of course, far better off than Old World countries, singly or all together. The reason is not difficult to find. The United States has not been looking to any outside interest or people to support her citizenship in part or in whole while they enjoyed workless existence. This country has been the scene of a vast amount of family quarreling in the last four years—but how we have done business at the same time! Work! With both hands and with every mental faculty alert. We knew we had to do this or starve to death, for the rest of the world has never held out a helping hand to the American Republic, and never will.

Work—work—work! That is America's program—it has been this race's way since the days when the first settlers landed on the New World's shores. No wonder our country is successful and powerful and rich! Work made it that way and is keeping it so. The Old World had better opportunities, better aids, more people, fewer obstacles to overcome—but trusted to politics instead of human effort directed along every line demanding labor and skill and courage and persistence.—St. Louis Times.

SUNDAY SCHOOL LESSON

BY

C. H. RAYL

Pastor "Little Brick Church"

WORLD-WIDE PROHIBITION

—WORLD'S TEMPERANCE SUNDAY (Isa. 61:1-9.)

Drunkenness is severely and without qualification condemned as degrading and sinful. The sin of drunkenness has come down through the ages. There is every indication from both sacred and profane history that the making of strong drink is almost as old as the human race itself, and that in consequence, drunkards were among the first of the sinners. The Bible utters the most threatening warnings against drunkenness, promising woe and punishment to those who fall into its snare.

In the early days of Moses we hear him say that men should separate themselves from strong drink. (Num. 6:3). "He shall separate himself from wine and strong drink" then to take in the light wines and beers demanded in our day the Word says that he shall not even drink the liquor of grapes, nor the moist grapes, or dried. This was the vow of the Nazirite. The punishment was "Woe, Woe until they rise up early in the morning, that they may follow strong drink; that continue until night, till wine inflames them." Prov. 31:4-5. "They drink and forget the law." Isa. 6:11. Intoxication is a sin not only against God and the individual self, but against the social unit whether it be the city or the nation.

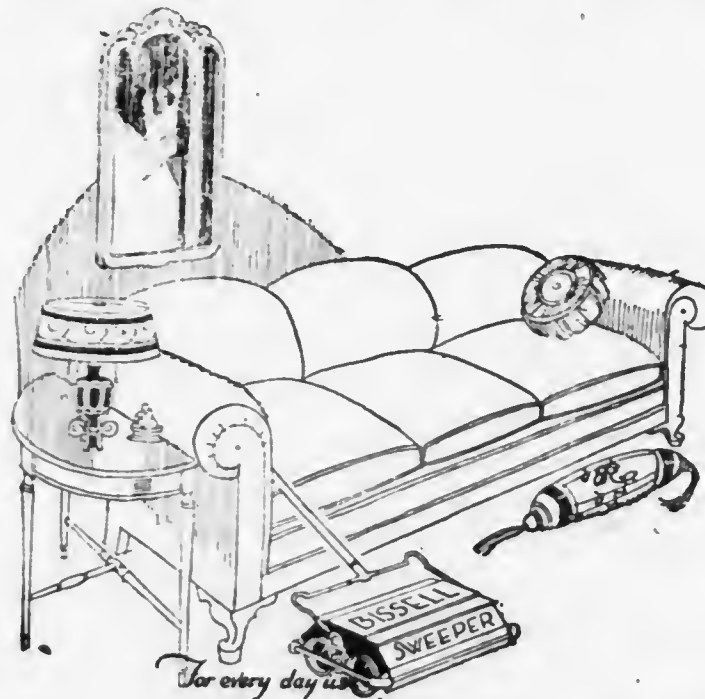

The lesson for our discussion announces a day of world-wide reconstruction. Not only along the line of temperance but it includes both the spiritual and temporal welfare of the world. We use to live in a day when it was a great distance even across our

own United States but that day is past and we have all been made to realize that the whole world is but a large community. The world is practically one body. The welfare or distress of any one part cannot be confined to that part. This fact is rapidly being taken into account by our leading statesmen and diplomats of the world-powers. That day of world-wide reconstruction as death with in our scripture lesson has no reference to any particular sin as that of drink but applies to all sin existing in the fabric of social institutions. Prohibition, either national or world-wide was far from the thought of the writer of this passage of scripture.

When the prophecies of this lesson are fulfilled in toto we will have world-wide prohibition and all other immoralities and social wrongs will have done away and the heart of Christ will be satisfied for righteousness will reign supremely. Seeing then that this is the hope of the Christian and in the plan of God, we should take courage that these principles are not only the thoughts of high-minded prophets alone but His plan is becoming the plan of practical statesmen. The Christian should therefore more vividly keep this goal in mind and seek its attainment with all brotherly love.

The accomplishment of so great a missionary task we will share our blessings with the world, even to the ends of the world, and the persuading of me to accept this blessing by their own decision will, it seems to the writer, necessitate the preaching and teaching to all nations the Gospel of our Lord and Savior, Jesus Christ.

COMMENT

The Maysville High School football team is to try its mettle again today and this time against the Winchester eleven. We hope the varsity has better breaks and that they make a better showing this time than they have previously made. Determination, grit and pluck has much to do with winning football games. Tighten up lads and remember that old M. H. S. and the best little old sport town in the state is expecting you to do your best.

Maysville fans are hoping for organized baseball again next year. With the Bluegrass League pennant floating over the home park all of next year there should be considerable interest in the game here. It appears that Lexington, Paris, Winchester and Cynthiana are planning to come back next season and if Mt. Sterling don't want in, it should not be hard to find some other city to take its franchise.

The first issue of the High School Advocate for 1922 has just been issued and after reading the little paper, we hasten to congratulate its editors. The paper is a credit to the school is represents. It is filled with live school news and well written editorials and features. The column of news about former students is particularly interesting and should be continued. This paper should help keep the former students in touch with the M. H. S. and that's worth much to an educational institution be it college or High School. Former students should patronize the school paper by subscribing to it and encouraging its publishers and editors.

From what we hear, we judge that the local sports are meeting with better luck on the wind-up at Latonia than they met with at the opening of the fall season. It now begins to look like some of the boys who a few weeks ago wore a long face may yet be able to wear new winter overcoats.

A Mason county woman sues her husband for divorce because he wanted to take her to a poor house. If that's a valid cause for divorce in Kentucky, there's a good many of us who could offer no defense should our better half decide on a separation suit.

An eighty-five foot flag pole is being erected at Dam 33. There are too few flag poles in Maysville and Old Glory is not unfurled to the breeze as often as she should. Let's show the proud old flag at every opportunity.

Some people laughed several years ago when Tom Russell, then Mayor and some of his councilmen suggested a municipal pigery for the disposal of the city garbage. Lexington has just adopted such a plan and Maysville's garbage goes uncarried for.

The first man to be tried under the new state wife and child desertion law has been sentenced to three years in the penitentiary at Newport. The strict enforcement of this law may cause some of these co-called men to stop a minute and think before starting on a prolonged vacation leaving wife and babies behind for some of the family or the community to support.

A THOROUGH TEST

One To Convince the Most Skeptical Maysville Reader.
The test of time is the test that counts.
Doan's Kidney Pills have made their reputation by effective action.
The following case is typical.
Maysville residents should be convinced.

The testimony is confirmed — the proof complete.
Testimony like this cannot be ignored.
George H. King, prop. grocery store, 615 East Second street, Maysville, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited by them. At times my kidneys got out of order and the secretions passed irregularly. I suffered with a severe aching through the small of my back. When I had one of these attacks I used Doan's Kidney Pills and they never failed to cure the complaint." (Statement given November 15, 1916.)
PERMANENT RELIEF.

On November 22, 1920, Mr. King added: "The cure I spoke about in my former statement has proven permanent. I haven't had the slightest sign of kidney trouble since using Doan's Kidney Pills."
Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills — the same that Mr. King had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

OPPORTUNITY FOR BOYS IN HORSESHOE BAND.

Colonel J. Harbour Russell, manager of the local Boys' Bands, announces that there is now a chance for four boys to enter the Horseshoe band and learn to become musicians. Two bases, two trombones and one melophone are needed to complete the Horseshoe band. Any boys who are interested should call with their parents on Colonel Russell at once.

TRANSMISSION OF POWER

BY RADIO IS ACHIEVED.

San Francisco, Oct. 27.—Transmission of electric motive power by radio was accomplished for what is believed the first time here by the United States Radio Corporation, a local concern. In the course of experiments sufficient electric energy was transmitted 2,000 feet to light brilliantly two 120-volt 50-watt tungsten bulbs. Another successful experiment consisted in the ringing of an electric doorbell in Berkeley, a city on the opposite side of San Francisco bay, with radio power transmitted here.

BIRTHDAY OF THE GREAT TEDDY WAS OBSERVED FRIDAY

Washington Stops His Official Duties
on Friday to Do Honor to Memory
of Great American Theo-
dore Roosevelt.

Washington, Oct. 27.—The spirit of Theodore Roosevelt walked abroad in Washington today.

Formal celebration of his birthday was claimed by the Navy for its own, and there is none who would challenge the navy's right to revel in memories of Roosevelt, to pay gladly the debt of gratitude it owes to him. But aside from all this, from the prepared addresses on Navy Day that dealt largely with his sayings and his works for the navy, there ran a curious undercurrent of talk among men everywhere that bore witness to the place the dead President had made for himself in American hearts.

It was natural that around the Navy Department Roosevelt's name should find its way into every casual conversation as older officers paused to chat a moment in the long corridors. Many of these personal stories recalled his career as assistant secretary of the navy, the post his son and namesake now holds. Traditions old in the navy were shattered in those days and new traditions, dear to the hearts of sailor folk of today, were built up in their place around the dominant, energetic, eager personality that even an assistant secretaryship could not subdue.

But it was striking that the talk of Roosevelt was not confined to the navy or the army or to government circles, but ran everywhere about the nation's capital. From lip to lip intimate human pictures of the man were sketched as men who knew him met in clubs or on the streets.

CHILD IS OVERCOME

BY GASOLINE FUMES.

Richmond, Ky., Oct. 27.—Wayne McCune, 12-year-old son of an employee of the Luxon Garage was almost asphyxiated by gas fumes when he went to sleep in a truck, where the top had been left off the gasoline tank. When found he was in an unconscious state, but was soon revived by a physician.

POOL OFFICIALS HERE.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Her-
self Feeling So Well

Taunton, Mass. — "I used to have pains
in my back and legs so badly, with other
troubles that women sometimes have, that
my doctor ordered me to stay in bed a
week in every month. It didn't do me much
good, so one day after talking with a friend
who took Lydia E. Pinkham's Vegeta-
ble Compound for about the same troubles
I had, I thought I would try it also.
I find that I can work in the laundry all
through the time and do my housework, too.
Last month I was so surprised at
myself to be up and around and feeling
so good while before I used to feel com-
pletely lifeless. I have told some of the
girls who work with me and have such
troubles to try Lydia E. Pinkham's Vegeta-
ble Compound, and I tell them how it
has helped me. You can use my testi-
monial for the good of others." — Mrs.
BLANCHE SILVER, 59 Grant St., Taunton,
Mass.

It's the same story—one friend telling
another of the value of Lydia E. Pink-
ham's Vegetable Compound.
